Biography

Matt Orville has over a decade of experience in the commercial real estate industry, and joined Lee & Associates in August 2013 as a Principal. He is responsible for multiple accounts, each with a different outlook and corporate culture. His experience with Fortune 500 companies, coupled with his well-rounded education, help him deliver cost savings, promote efficiency and provide a unique perspective to his client's real estate portfolio.

Career Summary

Matt is proficient in negotiating lease renewals, purchase agreements, early lease restructures and dispositions. His expertise in negotiating for the end user and owner is specific to Medical Office Buildings, Retail site location, Office Headquarters and Industrial manufacturing and distribution sites.

Unique to brokerage, Matt is fluent in operating expense audit language (Deloitte & Touche Audit accreditation), providing long-term protection to his clients. In administrating a 90 million square foot account, Matt witnessed first-hand, and can understand, how each clause in a lease affects his client's bottom-line.

Additionally, Matt keeps abreast of the intricacies in the healthcare industry and is adept at implementing real estate strategies that reduce the total operational costs of medical groups and hospitals, large and small. The healthcare industry is changing dramatically with consolidations and reimbursement cuts. He is one of the founding brokers of the Healthcare Advisory Group of the Lee & Associates-Orange office.

Experience
